**Josh Rosentrater**  
Equine Sales Field Specialist  
Texas

Hello,

I am Josh Rosentrater and I wanted to take the opportunity to introduce myself as your new equine specialist at Midwest Veterinary Supply. As a Wisconsin native with a dislike of snow I took the first opportunity to move to Texas' horse country and I have not been disappointed. I have been in the industry for the last 12 years, accumulating knowledge in general practice, surgical, reproductive, and sports medicine. I joined Midwest in 2016, working as an Inside Sales Representative, which has prepared me to be an excellent resource for my clients, but I am excited to get back to my roots working with equine practices.

In my free time my fiancé and I breed and raise reining quarter horses and registered red angus cattle; we also have two dogs, Rosie and Waffles, and a couple of barn cats, Sophie and Emma. We enjoy staying very active playing sports, going to the gym, hunting and fishing.

Midwest Veterinary Supply is celebrating our 61st year of business as a full-line veterinary distribution company. We pride ourselves in offering our clients excellent customer service, competitive pricing, knowledgeable staff, security in the market, and easy to use practice solutions. Midwest knows what it takes to grow a business and offer value-added services to support you in achieving your practice goals.

Please feel free to reach out to me directly on my cell phone or email listed below. I look forward to working with you.

Sincerely,

**Josh Rosentrater**
