Hi, I'm TJ!

With a lifelong background in raising and showing horses, becoming an Equine Specialist with Midwest Veterinary Supply was a natural fit. As a CVT, I bring extensive industry and clinical experience, combining real-world equine insight with a practical, customer-focused approach to support equine veterinarians and their teams.

I look forward to our partnership and being an asset for you and your practice. Please feel free to contact me with any questions!

Sincerely,

Terri Jensen (TJ)
