Amy Guyton

Inside Bovine Sales Specialist
NV Branch

Hello,

My name is Amy Guyton and I am excited to be working with you as your Inside Sales Representative with Midwest Veterinary Supply! At **Midwest Veterinary Supply**, we know that clinics are run by real people with unique needs. We work with you to create practical solutions that relieve the challenges of running a veterinary practice. I am extremely proud to be your trusted, knowledgeable resource as your dedicated Inside Bovine Sales Specialist.

My journey in the veterinary field began in rural Ohio, where I started as an assistant in a mixed animal practice. It didn't take long for me to realize how much I loved working with animals, which inspired me to attend tech school and become a veterinary technician. Over the next 20 years, I built a rewarding career as a tech, gaining hands-on experience and deepening my passion for animal care. Eventually, my daughter and I made the move to Las Vegas, where I joined the team at Midwest. While I enjoyed the fast pace and new opportunities, I found myself missing the rural lifestyle and the variety that comes with mixed animal practice. That led me to my current role as a bovine specialist—a position that allows me to return to my roots and reconnect with the aspects of veterinary medicine that first sparked my interest. Every day, I'm grateful for the path that brought me here and excited about the work I get to do with both animals and the staff that care for them.

I look forward to our partnership and being a valued resource for you and your practice. Please feel free to contact me with any questions!

Sincerely,
Amy Guyton
